REPORT OF SUPERINTENDENT

Office of Superintendent of Schools,

Bloomfield, N. J.

June 30, 1931.

*To the Board of Education,
Bloomfield, New Jersey.*

I present herewith a brief report of the public schools of Bloomfield, covering the school year July 1, 1930, to June 30, 1931.

The past sixty years have been years of growth and development. From a meager beginning of one school building, small enrollment and few teachers, our school system has grown to its present size, consisting of eleven school buildings, an enrollment of 7,334 pupils as of June 30, and a teaching force of 269 teachers.

In our school organization we have at all times been interested in the welfare of the children seeking an education. We have avoided, whenever possible, overcrowded classes. Well-trained teachers have been selected, supervision has been effective, and each child has been given an opportunity by classification to do his best. All of these factors, and others, have made it possible for us to maintain an efficient and up-to-date school system, and the cost of same compares favorably with other communities which give a similar service.

The physical condition of our schools is better today than it ever has been. This is no doubt due to the fact that full-time employees are maintained in the various trades. All the schools are equipped with modern supplies of a good quality for all of the departments.

The future will have its problems. These problems must be met carefully and systematically so that progress may keep pace with the years and the demands of each succeeding year.

In submitting this report, I wish to express to the Board of Education my appreciation of the fine support which has been given me and the teaching staff in our efforts to give the children of Bloomfield the best possible educational opportunities, and to the citizens of Bloomfield for their helpful and sympathetic attitude.

Respectfully submitted,

EDGAR S. STOVER,
Superintendent of Schools.

REPORTS OF DEPARTMENTS

Medical Inspection

The rules and regulations of the Board of Education provide that every pupil, in so far as possible, be given a thorough medical examination each year. This is done early in the school year so that parents may know of the various defects in the physical condition of their children. Whenever necessary, the medical inspectors recommend operative relief. Supplementary examinations are given to pupils who need same from time to time.

During the year every child in the elementary and grammar schools was examined by the school physicians and the nurses. All children from the third grade to the ninth had their hearing tested with our audiometer. Children found with defective hearing were re-examined and treated at a special clinic provided by the Board of Education under the direction of Dr. Frederick G. Shaul.

During the school year many pupils received the Schick Test and the Toxin-anti-toxin treatment against diphtheria. The test and treatment are given to the pupils whose parents request same. The response of the parents to the opportunity of gaining this protective treatment for their children indicates both interest and appreciation.

The following is a detailed report of the medical inspectors and the nurses:

Nutrition

At the beginning of the school year it was found that 2% of the children in the Elementary schools were underweight. At the close of the year this percentage was reduced to 1%. This department has had the hearty co-operation from most of the parents. Several contact and suspected tuberculosis cases were examined and treated at the Anti-Tuberculosis Society. Several are receiving prolonged treatment at a sanatorium. One pupil was treated at the Orange Orthopedic Hospital after having had an operation for hip joint trouble. Milk is served in all the Elementary schools.

Dental Clinic

The dental program provides for a thorough examination of each pupil. The examination is given by the School dentist. Parents are advised of the defects that need correction and treatment. They are urged to take their children to their family dentist.

The following is a detailed report of the dental clinic:

Examined in nine schools	3,359
Number of appointments	1,064
Number of patients	503
Number completed to good condition	414

Class "C" Good condition.	
Number of pupils in Class "A"	20
Number of pupils in Class "B"	1,808
Number of pupils in Class "C"	1,531

School Saving Fund

The so-called School Savings Fund system was introduced into our schools some years ago and has been carried on very successfully since its organization. The Bloomfield Savings Institution has acted as custodian of this fund from its beginning.

The work attached to the operation of the system is very simple when we consider the amount of good it brings to the pupils. Habits of thrift, economy and business methods are inculcated.

First Grades8:45 to 11:45 A. M.
1:15 to 3:00 P. M.

High School8:15 to 1:40 P. M.

School doors open 15 minutes before the school sessions begin and close 15 minutes after school is dismissed in the afternoon. From December 1 to March 30, the buildings are open during the noon hours.

The Superintendent of Schools may order half-day sessions because of weather conditions.

Excuses for absence or tardiness must be signed by the parent or guardian, and state that the absence or tardiness was with the knowledge and approval of the signer or the equivalent. All lessons may be counted zero until made up in a manner satisfactory to the teacher. No lesson may be made up until an excuse has been accepted.

No charitable appeals may be laid before any class.

No person may visit any school or class to see any teacher or pupils upon personal business of any kind during the school hours.

The schools are always open to the inspection of the public, and parents and citizens are cordially invited to visit them at any time.

Teachers are to be present at school 15 minutes before school opens and 15 minutes after school closes.

Evening School teachers are to be present in classroom 5 minutes before school begins.

Teachers who are serving their first year in the Bloomfield school system may visit two days per year, one day within the system and one day in another school system.

Teachers during the first five years of service in the Bloomfield school system may be allowed five days with full pay for personal illness. After five days, deduction shall be substitute's pay for a period to be determined by the Board of Education.

From the end of the fifth year of service to the end of the tenth year, ten days may be allowed teachers with full pay for personal illness. After ten days, deduction shall be substitute's pay for a period to be determined by the Board of Education.

From the end of the tenth year of service to the end of the twentieth year, twenty days may be allowed each teacher with full pay for personal illness. After twenty days, deduction shall be substitute's pay for a period to be determined by the Board of Education.

From the end of the twentieth year of service, as many days with full pay for personal illness may be allowed as the number of years the teacher has served in the Bloomfield school system. After that number of days allowance, deduction shall be substitute's pay for a period to be determined by the Board of Education.

When death or serious illness in the immediate family of a teacher calls him or her away from school work, an allowance of from one to five days with full pay may be made. After five days, deduction shall be substitute's pay for a period not to exceed thirty days.

In case of a teacher's absence on account of a wedding in the immediate family, there shall be deducted the substitute's pay for a reasonable number of days.

Full deduction of salary is to be made for absence for reasons other than personal illness or death in the immediate family.

Full pay will be deducted for absence occurring on the day before or the day following any vacation period, except as provided for above.

All claims regarding absences must be presented in writing to the Secretary of the Board of Education within one week from date of the teacher's return to school.

The compensation of substitutes is \$5.00 per school day in Grades I to VIII, also in the Kindergarten, and \$6.00 in Grades IX to XII.

Principals will report in writing, monthly or oftener, failures of specialists or class teachers to be present upon the time set in the schedules and rules.

The duties of teachers include required attendance at school, grade, special and general meetings, not exceeding five in any one month. The duties of principles and specialists include required attendance at all meetings designated by the school authorities. Teachers and principals should visit the pupils' homes in the performance of their educational obligations to circumvent truancy, to quarantine cases of suspected disease, and to consult parents in their children's interests.

Tuition for non-residents shall be as follows:

High School, \$120 per year.

Grammar Grades, \$50 per year.

Primary Grades, \$25 per year.

JANITORS

To be in building at 7 A. M., or as much earlier as may be necessary to have the building ready for school, and to remain as long as there are teachers or pupils in the building, except that a janitor shall not be requested to remain later than six o'clock, and shall not leave the building before five-thirty o'clock except by arrangement with the principal. The lunch period of the janitor will be arranged with the principal.

To take charge of the building during noon hour except when otherwise arranged with the principal.

To leave the buildings during school hours only with consent of the principals.

To sweep every room and hall every afternoon.

To empty all waste baskets every day.

To dust every room every morning before 8:30.

To clean thoroughly every blackboard once a week.

To clean every window inside and out three times each year.

To rake the yards and keep them clean.

To keep the lawns mowed.

To clear the sidewalk immediately after snowfall.

To fill all inkwells once a week and to clean them every fourth Saturday.

To visit his building in the care of the heating as late at night and as early in the morning as is found necessary to get the rooms heated properly before the opening of school.

To report pupils to principals for discipline when necessary.

To allow no pupils in or about the buildings until 15 minutes before the opening of school and after school has been closed for a half hour, unless accompanied by teachers, except in cases of extreme cold or storm and except when games are being conducted on the basketball courts.

To allow no loitering of pupils or others in groups about the grounds at any time, but to allow playing as instructed by the principal.

In bad weather the janitors may open the doors twenty minutes earlier than the usual time.

To make repairs at the request of principals.

To report all needed supplies to the principals in good season.

In addition to observing the above duties a janitor is at all times to consider himself under the general direction of the Principal of the building and the Superintendent of Schools.
